Auto Trades

Automotive Technology
Career & Technical Education

Genesee Valley Educational Partnership
success stories written here

The Automotive Technology program is designed to give students a focused, automotive systems approach to learning the automotive repair trade. Students will use school training vehicles, training simulators, and real customer repair situations to demonstrate understanding and competency in hands-on activities that align with national automotive industry standards.

Both the Mount Morris and Batavia CTE programs are part of the Ford Future Techs program. Rochester and Buffalo-area automotive dealers have supplied these programs with current Ford vehicles and accompanying state-of-the-art diagnostic technologies that are utilized in the classroom. This equipment and technology provides students with the opportunity to learn the latest repair techniques with innovative tools.

UNITS OF STUDY

- › Brakes
- › Customer Service
- › Electrical and Electronic Systems
- › Engine Performance
- › Portfolio Development
- › Shop Safety
- › Suspension and Steering
- › Work Experience (qualified students)

CAREER CONNECTIONS

- › Agricultural Technician
- › Aircraft Technician
- › Automotive Technician
- › Auto Shop Owner
- › Diesel Technician
- › NASCAR Crewmember
- › Parts Store Specialist
- › Service Managers/Writer

CREDIT AVAILABLE

High School

- › 4.0 CTE
- › .5 Career & Financial Management

Embedded

- › 1.0 Math
- › 1.0 Science
- › 1.0 ELA
- › .5 Career and Financial Management

COLLEGE ARTICULATION AGREEMENTS

- › Alfred State College
- › Morrisville State College
- › Ohio Technical College
- › SUNY Canton
- › Universal Technical Institute (UTI)
- › University of Northwestern Ohio

SUCCESSFUL STUDENTS

- › Follow safety procedures and practice safe work habits at all times
- › Use equipment safely
- › Work well individually and with a team
- › Apply problem solving skills to service procedures
- › Have sufficient physical ability to manipulate tools and equipment

INDUSTRY-BASED EXAMS/ CERTIFICATIONS

- › Qualifications toward ASE certification
- › Qualifications toward NYS Motor Vehicle Safety Inspector's License
- › Safety and Pollution Prevention Training (SP2)

AUTOMOTIVE TECHNOLOGY
